The Honorable Tom Cole Chair Subcommittee on Labor-HHS-Education Appropriations Committee United States House of Representatives Washington, D.C. 20515

The Honorable Roy Blunt Chair Subcommittee on Labor-HHS-Education Appropriations Committee United States Senate Washington, D.C. 20510 The Honorable Rosa DeLauro Ranking Member Subcommittee on Labor-HHS-Education Appropriations Committee United States House of Representatives Washington, D.C. 20515

The Honorable Patty Murray
Ranking Member
Subcommittee on Labor-HHS-Education
Appropriations Committee
United States Senate
Washington, D.C. 20510

Dear Chairmen Cole and Blunt and Ranking Members DeLauro and Murray:

The 57 undersigned members of the Health Professions and Nursing Education Coalition (HPNEC) write to recommend \$524 million for the Health Resources and Services Administration (HRSA)'s Title VII health professions and Title VIII nursing workforce development programs in the fiscal year (FY) 2016 Labor-HHS-Education spending bill. HPNEC is an alliance of national organizations representing schools, programs, health professionals, and students dedicated to ensuring the health care workforce is trained to meet the needs of our diverse population.

Title VII and Title VIII are the only federally-funded programs that seek to improve the supply, distribution, and diversity of the health professions workforce, with a focus on primary care and interdisciplinary training. The programs play a critical role in helping the workforce adapt to meet the nation's changing health care needs by providing educational and training opportunities to aspiring and practicing health professionals and advancing curricular innovations.

Additionally, the programs have proven effective in guiding individuals toward practice in rural and urban underserved communities. As demand for health professionals grows in the face of impending shortages and a growing, aging population, continuing the investment in health professions workforce development will be key to ensuring access to high quality care for all.

While HPNEC recognizes the challenges you face in the constrained budget environment, we urge you to ensure the next generation of health professionals is equipped to address the nation's health care complexities by providing \$524 million for Titles VII and VIII in FY 2016.

Sincerely,
