Race/Ethnicity Note: The data displays ERAS applicants who reported self-identified race/ethnicity alone or in combination with other races/ethnicities. Therefore, an individual may be counted in multiple race/ethnicity categories. Prior to the 2020 ERAS application cycle, race/ethnicity data were only displayed for ERAS applicants who reported U.S. citizenship or permanent resident status. Beginning with ERAS 2020, the race/ethnicity data includes U.S. citizens, permanent residents, refugees, and asylees. Due to this change, race/ethnicity data is not directly comparable across ERAS years.
