

This report provides an overview of application volume and trends at your institution. This report is based on the current day of each season and compares the same point in time.

### 1 Download PDF

Choose between:

- **This View** - The entire report
- **Specific Sheets** - Specific items from the report

### 2 Application Numbers and Differences

The quick dashboard view of the current season's application volume and comparisons to the prior application season's application

### 3 Report Filters

Use filters to drill down into specific details for the report. Multiple filters may be selected at a time.

### 4 Applications by Grad Type

The bar chart displays the volume and percentage of applications received by the graduation type (**DO**, **IMG** or **MD**) across each application season selected from the report filter.

### 5 Information Icons

Information icons are located throughout the reports to help guide you to explain charts and other elements.

### 6 Applications by Application Type

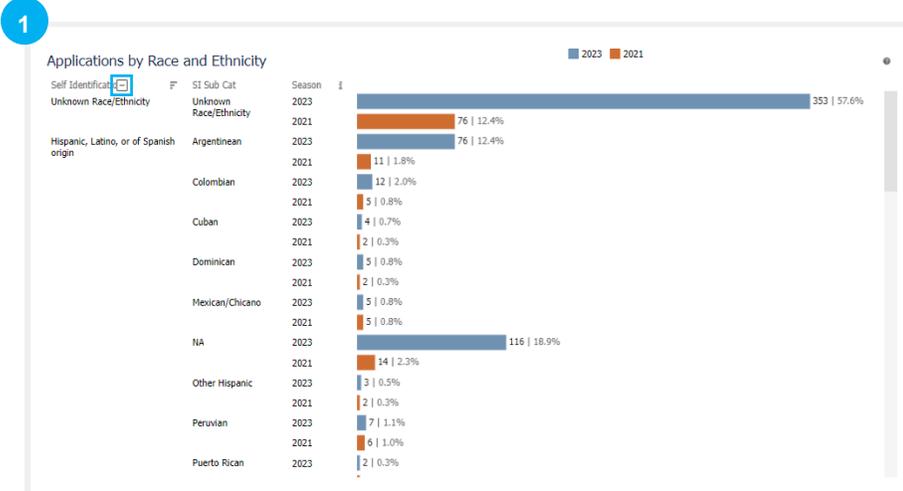

The bar chart displays the volume of applications received by application type (**Fellowship** or **Residency**) across each application season selected.

 Hover over each column to reveal a '+' or '-' icon to drill down or drill up the data for the **Application Type**, **Specialty**, **Program** or **Track**.

 Use the column sorter to sort the data in a particular column in increasing or decreasing size.

 Use the column sorter to sort the data in a particular column in ascending or descending alphabetical order.

This report provides an overview of application volume and trends at your institution. This report is based on the current day of each season and compares the same point in time.

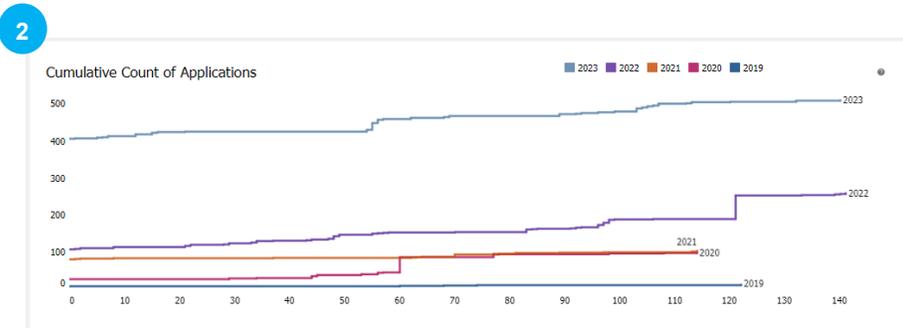

### 1 Applications by Race and Ethnicity

The bar chart displays the application volume and percentages by major race/ethnicity categories and sub-categories across each application season selected.

The sum of the percentages may exceed 100% due to applicants making multiple selections.

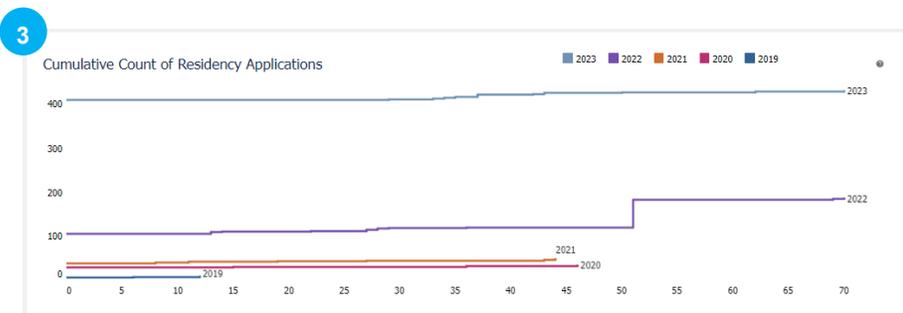

Hover over each column to reveal a '+' or '-' icon to drill down or drill up the data for race/ethnicity sub-categories.

### 2 Cumulative Count of Applicants

The line chart displays the cumulative count of applications to your programs over the course of the season. The horizontal axis represents the number of days after each ERAS season opening.

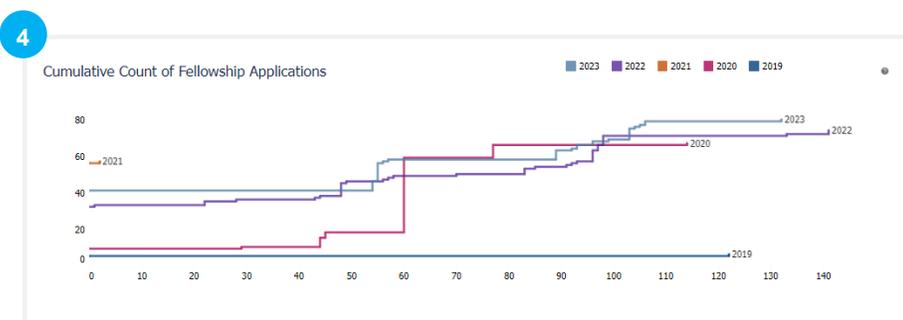

Use the color key to identify the corresponding seasons represented by each colored line.

### 3 Cumulative Count of Residency Applications

The line chart displays the cumulative count of residency applications to your programs over the course of the season. The horizontal axis represents the number of days after each ERAS season opening for residency applications.

Use the color key to identify the corresponding seasons represented by each colored line.

### 4 Cumulative Count of Fellowship Applications

The line chart displays the cumulative count of fellowship applications to your programs over the course of the season. The horizontal axis represents the number of days after each ERAS season opening for fellowship applications.

Use the color key to identify the corresponding seasons represented by each colored line.
